## FLUTTER DEVELOPER

I'm a Flutter developer specializing in cross-platform mobile app development using Dart. I build responsive iOS and Android applications from a single codebase, implementing complex UI designs with Flutter's widget system, integrating REST APIs and GraphQL services, and managing state with Riverpod, or Provider. I have experience with push notifications, local storage, device-dependent features, and Firebase integration, all in compliance with Flutter best practices for effective, easy-to-use apps.

---

## SKILLS

Flutter and Dart  
Multi-platform development  
Local Storage Hive,  
SharedPreferences

REST API integration  
GraphQL  
WebSocket connections  
CI/CD Pipelines

Git / Github  
State Management Riverpod, GetX,  
Provider

---

## PROFESSIONAL EXPERIENCE

### Web Studio Nepal Flutter Developer

Sept 2024 - Present

Accomplishments:

- Developed and launched 5+ mobile applications using Flutter and Dart.
- Implemented complex state management solutions using Riverpod, GetX.
- Integrated REST APIs and Firebase services for authentication, and push notifications.
- Built comprehensive chat functionality with Socket.IO for real-time messaging, typing indicators and Agora SDK for voice calling capabilities and Firebase Cloud Messaging for push notifications.
- Implemented automated JWT token refresh mechanism with dio interceptors, ensuring seamless user authentication and reducing session timeout issues.
- Built responsive UI components with custom widgets and animations

### Envision Nepal Flutter Developer

Sept 2023 - July 2024

Accomplishments:

- Contributed to the development and maintenance of the Smart Sewa mobile app.
- Built POS (Point of Sale) application for petrol and diesel billing, enabling seamless fuel transaction processing and receipt generation for Fuel stations.
- Collaborated with the backend team to implement RESTful API integrations and real-time data updates.
- Integrated user authentication, form submissions, and notification features using Flutter and Firebase.
- Optimized UI/UX using responsive design principles for seamless performance across devices.

**Accomplishments:**

- Gained hands-on experience with Riverpod for scalable and reactive state management.
  - Collaborated with mentors to understand code architecture, app lifecycle, and performance optimization.
  - Participated in regular code reviews and debugging sessions to enhance code quality and learning.
  - Contributed to the development of the Digital Palika mobile app, aimed at digitizing local government services.
-
